# WHAT YOU NEED TO KNOW

Do not say to the Angels, “Please help me get this or that...” Please understand it is you that is getting this or that. Angels and Archangels are the face of powerful cosmic forces and qualities that you have constant, free access to. The Kingdom of Heaven is within *you*... And it is *your* will, and *only* your will, that is done on Earth as it is in Heaven. Thus, any result in your Earth kingdom is an exact reflection of what *you* have willed in your Heavenly kingdom. Therefore, if Earthly matters are not to your liking, check out what is going on in your Heavenly Kingdom and fine tune your intention. Ask yourself:

- ⊕ Are you truly in charge of the celestial forces in your Heavenly Kingdom?
- ⊕ Are your Heavenly choirs all singing from the same hymn sheet?
- ⊕ Or is there someone singing out of tune?
- ⊕ Have you, as the ‘Musical Director’ of your life, failed to give the right signals with your baton?

## TWELVE ARCHANGELS

There are twelve Archangels whose vibrations will co-ordinate to create the masterpiece that is your life of beauty, integrity, joy and abundance. Do you know who they are? If you don’t know who they are — and the vibrations they create — how can you expect to conduct your great symphony?

These Twelve Archangels are your allies, your companions in Heaven, and they do your bidding when you take charge of the Heavenly host.

## DIVINE GIFTS

Before you were born you made a decision, you made a sacred contract, choosing your life for your next incarnation.

When you made that choice you were given access to three Divine qualities:

⊕ Power

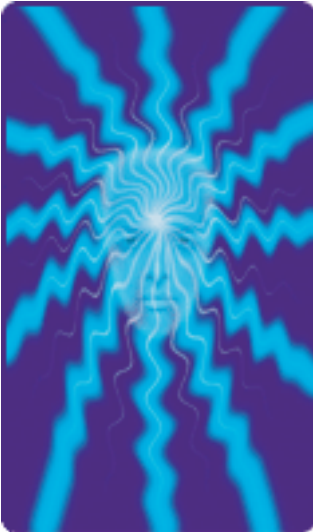

⊕ Wisdom

⊕ Love

There are four Archangels who can give you the keys to the reservoirs of Power, Wisdom and Compassion. Their names are...

**Metatron: Judgement** and **The Shekinah: Mercy**, the two faces of Power,

**Raziel: Wisdom, or Creative Intelligence**, and...

**Zaphkiel: Compassion, or Unconditional Love.** Then you were filled with...

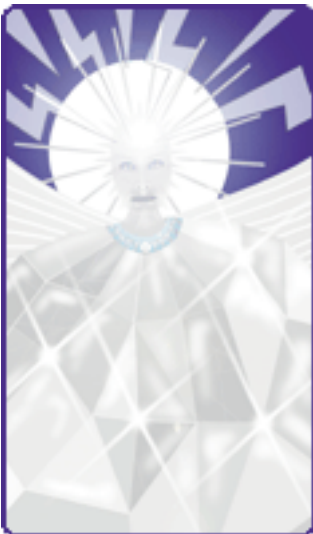

**The Holy Spirit** and you descended through the Cloud Of Unknowing into your earthly incarnation.

In the process, you forgot your Divine Contract. But you were accompanied by your angelic other half, your Guardian Angel. I cannot tell you your personal Guardian Angel's name — only you can discover that, for yourself — but the Archangel who represents all Guardian Angels, for every human Soul is...

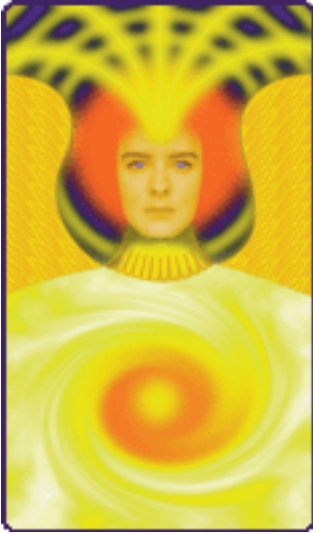

**Zadkiel: Wealth, Abundance and Divine Grace**, who acts as a High Priest to keep open your channel to the Holy Spirit and the Divine treasury of Power, Wisdom and Compassion.

Your earthly life will always be subject to the limitations of Time, and by karmic obligations and duties. So you must accept the regulations and any trials that are governed by...

**Samael: Adversity**, who will test your dedication, and demand that you are disciplined and focussed. But the glory of Divine radiance will always be with you, and...

**Michael: Commander in Chief** will encourage the confidence and certainty you need to hold true to your life purpose.

Throughout your journey you have access to the loving support of...

**Raphael: The Healer**, who sustains and nurtures your every need. You will also have the dynamic energy of...

**Hanael: The Warrior**, who re-charges your spiritual batteries. As you uncover the purpose of your life, you will need to work with...

**Gabriel: The Messenger**, who acts as an emissary and will help you communicate your needs to those who can help you develop your life plan.

Finally, you will have two trustworthy companions...

**Auriel**, whose tender, loving care will help you recover from disappointments, and...

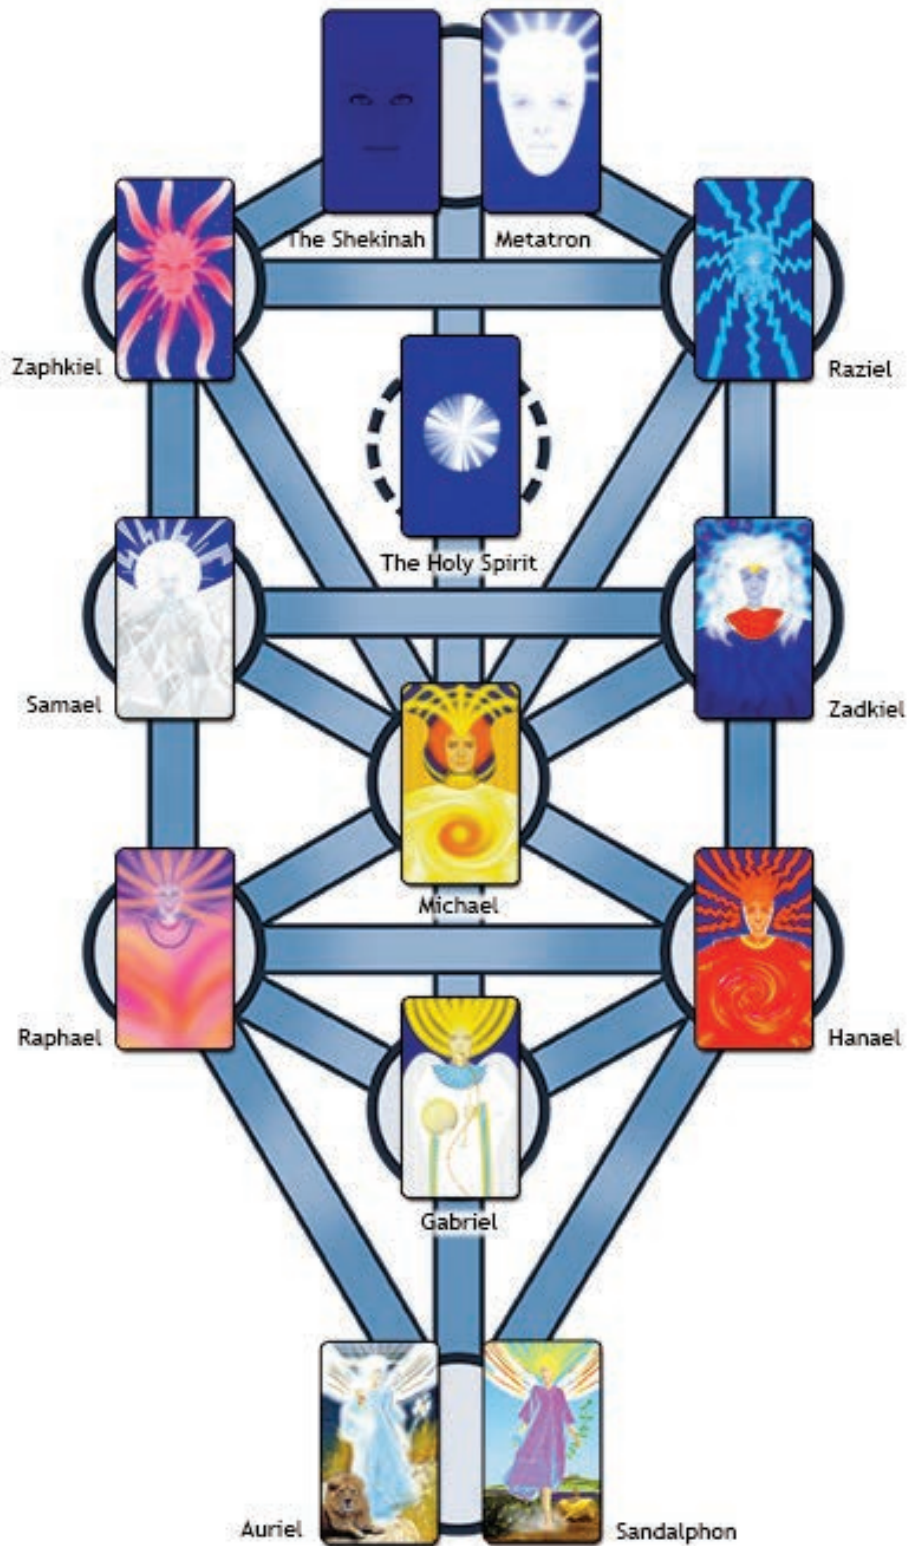

**Sandalphon**, who consolidates your wise actions so that all your efforts come to fruition and your Kingdom manifests on the Earthly plane.

All these mighty Archangels are standing by in your Heavenly kingdom, waiting for you to raise your Conductor's baton and start your music! The first night of a beautiful symphony, a genuine and unique work of art that you have created as your life is about to begin.

Have you chosen your instruments? Have you summoned your Archangels to support the masterpiece that will demonstrate your Soul's Purpose in the world?

## HOW THE ARCHANGELS SUPPORT YOU

Look at this map, called the Tree of Life. Each energy point on the Tree is a Gate of Light, and the Archangels are the Guardians of the Gates.

Imagine that your Soul was poised at the top of this Tree, with your Guardian Angel beside you. See the four mighty Archangels...

**Metatron and The Shekinah, Raziel, and Zaphkiel**

...who represent your infinite resources of Power, Wisdom and Love. They sit in a triangle at the top of the Tree of Life. This is the Divine Throne, which overlooks the creative processes that take place in human life.

See how your own...

**Holy Spirit** creates a mysterious Veil. The place where the Holy Spirit resides is called 'Knowledge'. When your Soul descends into earthly life, your Guardian Angel is with you as your Soul's companion.

What is this Knowledge? Even though you have no conscious memory of your Soul Contract, your Guardian Angel knows that Divine Power, Wisdom and Love are freely available when you call on these limitless possibilities.

Now, understand that during your earthly life you can call on your Archangels in your Heavenly kingdom to help you create your chosen destiny.

Follow the thread of Divine energy as it descends with you and see how it fills each of the reservoirs, the Gates of Light that are guarded by the Archangels. Your Guardian Angel is your constant companion as you strive to unfold your unique destiny, but the Archangels represent your reservoirs of power.

**Zadkiel** is your power to connect back to your Divine Throne and access your infinite resources of Divine Power, Wisdom and Love.

**Samael** is your power to create limitations that will serve your own creative purposes.

**Michael** is your power to take command of your life and manifest your intentions.

**Raphael** is your power to heal and sustain your own emotional, mental and physical bodies.

**Hanael** is your power to assert your own right to live and to choose your own life.

**Gabriel** is your power to change what is not right for you, and to communicate your needs and desires to others.

**Auriel** is your capacity to give and receive tenderness and loving care during your life's journey.

**Sandalphon** is your capacity to be an honourable steward, manifesting all that is required for your purpose and maintaining your Kingdom on Earth.

Do you realise now why I have told you not to ask the Angels to give you this or that... it is *you* who are creating this and that?

If you do not understand and harness the vibrational qualities of all these Archangels, you cannot expect to manifest and sustain your personal vision.

Are you hoping to manifest more abundance and joy in your life? Ask yourself if your Heavenly host is on message! The following questions will prompt you to examine the missing ingredients in your capacity to create abundance:

### **Question 1: Accessing the Divine Throne**

Divine Power, Wisdom and Love is available to you, completely free, gratis and for no payment whatsoever. In order to manifest what you want in your life, your connection to the Archangels of the Divine Throne must be kept open, to allow *shefa* (Divine sustenance) to flow easily in your life.

*Are you meditating on a regular basis so that your inner pathway to these resources is kept open and free from any blockages caused by fear, anger or lack of faith?*

#### **REMEDY**

If this is not happening, use the **Shefa Method** I offer online. This is far more powerful than visualisations or mindfulness, but is still very easy to learn.

## **Question 2: Your Guardian Angel**

*Are you aware of the presence of your own Guardian Angel, and do you have faith in Divine abundance?*

### REMEDY

If not, work with your Guardian Angel. Download my free guided visualisation, *Journey to Meet your Guardian Angel*, or read my book, *Working with your Guardian Angel*.

Your Guardian Angel will help you remember your Divine Contract. There is no point in trying to manifest anything if it is not congruent with your Divine Contract — it just won't work. Or it may work in the short term and then you will lose it, because deep down, part of you knows that it is not really for you.

You also need to work with **Zadkiel**, who represents your Divine cup flowing over. If you are on message to realise your Soul's purpose, then Zadkiel is there for you, allowing a free and easy flow of all the material resources you will need in order to fulfil your purpose.

## **Question 3: Creative Limitation**

*Can you joyfully accept, without complaint, any difficulties or limitations that occur, realising that apparent set-backs and delays are part of the natural process of creation? When we live in time, we have to learn how to work with limitations and challenges with good grace.*

### REMEDY

**Samael** represents focus, discipline and adversity. Every new possibility that we can create is naturally bound to push up against existing patterns and pathways. For anything great and amazing to happen we need to team up with Samael, whose capacity for establishing new structures will benefit any project that is worth taking on. People say 'No pain, no gain', but perhaps we could rephrase this, 'Every new birth requires huge commitment and discipline.'

#### **Question 4: The Commander**

*Are you centred and certain that you know what you want, and that it is true for you? Do you understand how to be loyal to the Divine Contract you made, even when advice from friends and family, or social pressures, seem to divert you from your creative intention?*

#### **REMEDY**

Look at the Tree of Life diagram on page 8 again. You can see that **Michael** is the conductor of the Heavenly choir. Work with your Michael potential to achieve the unshakeable composure that is necessary to co-ordinate the energy of all the surrounding Archangels.

You must use your **Michael** potential to take charge of the powerful possibilities offered to you by **Samael, Zadkiel, Raphael and Hanael**, otherwise the energy available to you will be dissipated and you will be ineffectual. Your purpose will fizzle out and nothing will manifest.

#### **Question 5: Healing**

*Are you giving yourself time to nurture and heal yourself? Or do you continually run from one task to another, without giving yourself time for comfort, delight and a little luxury?*

#### **REMEDY**

Even though you need to be focussed and committed to your life purpose, from time to time you need to let go of all your concerns and take a back seat with **Raphael** energy. This relaxation allows your **Zadkiel** potential to take the reins and work behind the scenes to bring what you need towards you.

#### **Question 6: Warrior**

*Do you regularly feel you are running out of steam? Is your tank empty? Are you exhausted? Low energy leads to depression and a sense of hopelessness. How can you achieve your goals when you feel like this?*

**REMEDY**

You need to access your **Hanael** energy. Meditation is a powerful tool for recharging your batteries, since it allows your body to rest more deeply than sleep. Hanael potential is available even when we think our body can't take any more. A woman whose daughter was trapped under a car lifted the heavy motor vehicle to release her child, and said couldn't understand where she found the strength. Her strength came from her will to rescue her beloved child — failure was not an option. When we focus on a goal and say 'failure is not an option', we gain access to enormous reserves of physical and psychic energy. Practice being a Warrior! Now look at the Tree of Life diagram on page 8 again.

See how **Michael** holds the centre and is able to utilise the discipline and focus of **Samael**, the abundant resources provided by **Zadkiel**, the comfort of **Raphael** and the energy of **Hanael**. These five Archangels make a great team, an unstoppable 'gang of five'. This is your engine room of creative potential.

However, even if this powerhouse of Archangel potential is on message to manifest your life purpose, nothing will be realised in the material Kingdom if there is no reliable and effective communication. The message has to be delivered.

**Question 7: Communication and Exchange**

*Do you feel your needs are not being met? Is nothing arriving? Is the bank balance still below par, despite your affirmations and your goal setting? Perhaps you are not communicating your needs to the right people? Perhaps you are not meeting and greeting, allowing yourself opportunities for receiving as well as giving? Perhaps the messages are going to the wrong mail-boxes?*

**REMEDY**

**Gabriel** is your potential for clear, powerful, accurate communication. But there is a two-way issue involved. Gabriel energy will always deliver messages from the 'powerhouse' as if they are true, so you may have to double-check whether the 'gang of five' are actually in agreement.

## Question 8: Confidence

*Have you got an uneven relationship with abundance? Do things come and go in your life, so that you have no confidence or trust that you will be supported? Have you got plenty of good things — a nice house, a quality car — but your life is stressful? Do you feel that you will always have to keep working, just to maintain a reasonable lifestyle?*

### REMEDY

**Sandalphon** is your natural inclination to trust in Divine Providence. His energy assures us that no effort is required when we open ourselves to Divine Grace. His companion, **Auriel**, encourages your capacity to release your anxieties and unravel your cares, so that you can relax into the protective loving care of Divine Mother, who support all life.

**Remember, meditation is the most powerful remedy for all issues, especially trust. Two short sessions every day will change your life.**

## SUMMARY

- 1 Meditation is the most important tool for spiritual development. Regular meditation allows you easy access to the celestial dimensions where you can meet your Guardian Angel and the Archangels of the Tree of Life, who support all creative endeavours. Find out about the Shefa Method.
- 2 Your Divine Contract is the agreement you made before you were born, to make the best use of the gifts of Divine Power, wisdom and Compassion.
- 3 Your Guardian Angel is your chief supporter. Like a navigator on a ship, your Guardian will steer you towards the best possible route, so that you can honour your Divine Contract. Try reading my books, *Working with your Guardian Angel* and *Your Guardian Angel Needs You!*
- 4 Working with the Archangels of the Tree of Life allows you to redesign your life from the inside, taking charge of the powerful energies that are available to you when you enter the Gates of Light. Think of a house with many rooms: in order to have a house full of warmth, fun, generosity and grace you need to switch all the lights on. In the same way, you need to access the different 'lights' provided by the Archangels. Or, you could think of the Tree of Life being like a diamond and each Archangel as a facet. The light pours through every facet of the diamond, so that it shines from every angle as a multicoloured jewel. Try reading my book, *Working with Archangels*, or use some of my guided visualisations.
- 5 Making miracles is effortless when you are connected to the Divine. Creating abundance becomes second nature to you when you work with your Guardian Angel and with the invisible powers of the Archangels.

Boundless blessings...
